

Architectural & Specification Consulting Services

The global leader in
door opening solutions

ASSA ABLOY

EDUCATION

ASSA ABLOY specialists empower you with the information you need to make the best decisions and are always here to help.

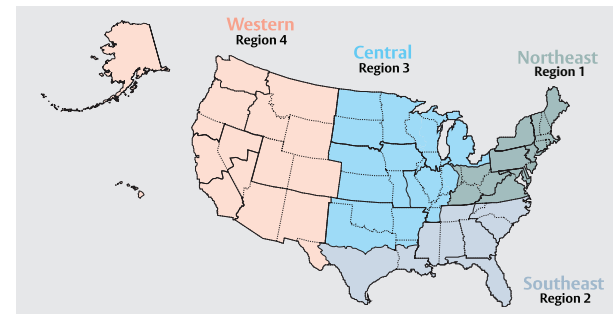

As a registered AIA/CES, USGBC, and IDCEC provider, we offer a variety of educational LU, HSW, SD, and CE programs including the following:

- Aesthetically Designed Architectural Door Openings*
- Architectural Door Openings for Educational Facilities
- Architectural Door Openings for Healthcare Facilities
- Basic Hollow Metal Doors and Frames
- Emergency Egress Door Opening Solutions
- LEED for High Performance Doors and Hardware**
- Integrated Door Opening Assemblies
- The Role of High Performance Doors and Hardware in Energy Efficient Buildings**
- The Next Generation of Access Control Opening Solutions
- An Overview of LEED & Wood Doors**

All programs listed above qualify for AIA/CES HSW learning units.

**This program also qualifies for IDCEC continuing education units.*

***These programs also qualify for SD and GBCI/CMP learning units.*

CREDENTIALS

ASSA ABLOY is the global leader in complete door opening solutions. Our Door Security Solutions Specialists are dedicated to providing efficient design solutions that balance the needs for aesthetics, convenience, life-safety, and security.

Our team's professional credentials rank us among the best in the openings industry:

- AIA | American Institute of Architects
- AHC | Architectural Hardware Consultants
- AOC | Architectural Openings Consultant
- CDC | Certified Door Consultants
- CCPR | Certified Construction Product Reps
- CDT | Construction Document Technologists
- EHC | Electrified Hardware Consultant
- LEED® AP | LEED Accredited Professionals
- LEED GA | Green Associate
- PSP | Physical Security Professionals

Our specification consultants prepare objective and accurate specifications for all building types, based upon industry standards and in compliance with all applicable codes, regulations, and laws.

SERVICES

Our qualified staff can help you complete these time-consuming deliverables for Divisions 8 and 28:

Schematic Design Phase:

- Integrated Design and BIM (all project phases)
- Code Compliance Review
- Try-Me Program product samples

Design Development Phase:

- Survey & walkthrough of existing conditions
- Coordination with building systems & related trades
- Integrated & Aesthetic Design Solutions

Construction Documents Phase:

- Non-Proprietary Division 8 and 28 Specifications
- Door & Hardware Schedules assistance
- Value Engineering

Construction Administration Phase:

- Review of Shop Drawings & Submittals
- Jobsite inspection & Punch lists
- Technical Support

SOLUTIONS

Doors may be the most intimate points of contact we have with a building. They should look great, swing or slide, defeat the heat, block the cold, be green, keep the peace, and make us safe. ASSA ABLOY offers a more complete range of innovative and integrated door opening solutions than any other company on the market.

- Aperio™ Wireless Access Control Solutions
- ElectroLynx® plug-in wiring connector system for electromechanical hardware
- Integrated Wiegand Online Access Control
- MicroShield® antimicrobial coating
- Openings Studio BIM Interface
- Sustainable solutions for energy efficient openings, rapidly renewable materials, and recycled content
- TheGoodDesignStudio.com online tool for aesthetically- designed architectural openings
- Thermal Fused Flush Doors, monolithic wood doors available fire-rated with antimicrobial
- Windstorm Solutions meeting both hurricane and FEMA storm shelter design criteria
