ED5000, ED6000, ED8000 Series Exit Devices

900, FE700, WS700 Series Mullions

Corbin Russwin
ASSA ABLOY
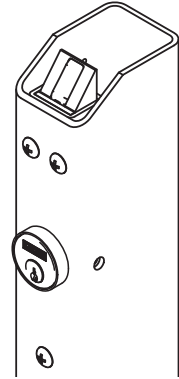

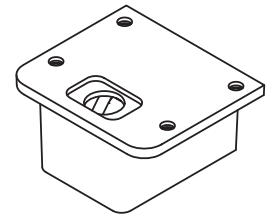

Corbin Russwin 700 Series Mullions Discontinued

As of January 1, 2010, the 700 series mullions (707A, 707AKM, 708A, 708AKM, 710 and 710KM) will be discontinued and replaced with the 900 series mullions (907A, 907BKM, 908A, 908BKM, 910 and 910KM). The 900 series mullions are used with the ED5000 (push pad), ED6000 (cross bar) and ED8000 (push pad) series exit devices.

The 900 series mullions will not retrofit with the 700 series mullions and require a new exit device door template. 900 series mullion templates are available online at http://www.corbinrusswin.com/library/templates/index.cfm.

New to the Corbin Russwin mullion product line are the FE700 and WS700 series mullions for use with windstorm rated ED5000 (push pad) series exit devices. The chart below provides additional information on these new FE700 and WS700 series mullions as well as the 900 series mullions that will be replacing the 700 series mullions.

New	Replaces	Ht.	Size	Wall - Mat'l	Lockable	Fire Rated	WindStorm	Type
