

## HAZARDOUS LOCATION ELECTROMECHANICAL HOLDER DISCONTINUED

Valued Rixson Customer:

Due to diminished sales and regulatory costs, the Rixson® Series 973 Door Holders have been removed from the product offering.

These holders, model 973H for swinging doors, 973U for overhead and rolling doors, and the 973S for sliding doors, were used in volatile environments that employed NEC class one division two wiring.

The sister products 972H, 972U and 972S are still available for labeled rolling doors, sliding doors and swinging doors. These units hold 75 pounds, carry UL listing and are available in 12VAC, 12VDC, 24VAC, 24VDC, and 120VAC.

If you have any questions regarding this change, please contact *Rixson* Technical Support, 866-474-9766.

Thank you.
