

## Door Closers

### 696 Finish Change

#### Corbin Russwin Announces 696 Finish Change for Door Closers

Effective July 1, 2010, Corbin Russwin will be changing the sprayed gold (696) finish for all door closer series to provide a better match to the ANSI/BHMA 606E Satin Brass finish. Pricing is not affected by this change.

All orders received beginning July 1 will **automatically** ship with the new 696 finish. (Nomenclature does not change; simply specify 696 finish when ordering).

A limited supply of the old 696 finish will be kept in stock until August 1, 2010, and can be ordered by specifying **696A**. To order the original 696 finish after August 1st, a special application request form must be submitted, specifying 696A.
