54 Order Forms

FLASHShip

Welcome to our inaugural issue of FLASHship magazine!

FLASHship, offering select products from six brands with 24-hour shipping is the latest ASSA ABLOY program designed to help you 'do business better'.

Use FLASHship to help reduce inventory, improve your lead times and control your freight costs – and simplify ordering! Products from all six of the ASSA ABLOY brands are available for order on one order form, and you receive one invoice. You can even place your order online for the quickest response.

Check out pages 11-54 for a listing of all the products available through this program.

Contact us with any questions at 800-438-1951 or speak with your local ASSA ABLOY Door Security Solutions representative.

FLASHship[™] Program Information

The ASSA ABLOY FLASHship program allows the convenience of placing a single order for Yale architectural hardware plus accessory products from five ASSA ABLOY brands. This program contains selected popular products from Markar, McKinney, Pemko, Rixson, Rockwood and Yale all shipping from one of our FLASHship locations within 24-hours.

QUALIFICATIONS

To place a qualifying order for the FLASHship program:

- A. Use the "FLASHship Order Form" on pages 56-57 and indicate product by FLASHship part number as stated in the FLASHship catalog, or
- B. Use your own purchase order with "FLASHship Program" prominently indicated. Also, products must be indicated by their FLASHship part number or by the exact model number for available product configurations in the current FLASHship program book, or
- C. Enter FLASHship order by using the on-line order entry process.

ONLINE ORDER ENTRY

FLASHship orders can be entered by using our convenient online order entry system. Available on the ASSA ABLOY extranet, the dedicated FLASHship icon takes the user directly to the web-based form that offers easy-to-use drop-down menus to assist with product search and selection.

Order Form

Please use the form on pages 54-55 when placing orders for FLASHship products.

Lead Time

Lead time is 24-hours from receipt of order. We reserve the right to limit quantities.

Only items printed in this current publication will be given 24-hour lead times for shipping.

Part Numbers

Specific part numbers are assigned to each unique configuration. These FLASHship part numbers should be included on the purchase order to ensure ease of processing.

Mixed Orders

To ensure expedited processing, FLASHship products must be submitted on a separate purchase order from non-FLASHship products. Any orders received including items that are not currently published in the FLASHship offering will be returned to the customer for re-submittal.

The website for Online Order Entry is www.assaabloydss.com/extranet and then click the FLASHship icon. Contact your customer service representative to set up online order entry access and training.

Speeding to Success: ASSA ABLOY's FLASHship Program Provides 24-Hour Shipping Throughout the U.S.

An interview with Vicki Newman, Director of Business Development, ASSA ABLOY

"Doing Business Better"

John Donoghue, President of TACC, appreciates the ability to reduce inventory and more efficiently manage freight. Washington Architectural Hardware owner Don Anderson states the low prepaid freight allowance and short lead times have become an important component in his business plan. Jim Pellegrini, Vice President of Park Avenue Building Supplies, enjoys looking like a hero to his valued customers. These ASSA ABLOY partners are located across the country and serve varying channels in the architectural hardware industry. What they all have in common is their recognition of the value ASSA ABLOY FLASHship brings to their companies.

Convenient, Efficient and Cost Effective Packages

When ASSA ABLOY FLASHship launched in June 2013, the goal was to bring additional value to our customers by providing quality hardware for the entire opening in an efficient and expedient way. The industry leading brands of Markar, McKinney, Pemko, Rixson, Rockwood and Yale were now orderable on one purchase order and shipped together in 24 hours, creating a convenient, efficient and cost effective package. That initial Berlin, CT launch was so successful, a second location in Ventura, CA opened the following December. Within 6 months, FLASHship was supplying over 850 high demand ASSA ABLOY products to hundreds of customers from coast to coast with 24 hour shipping.

With strong customer support for faster delivery, a third FLASHship location in Austell, GA opened in December 2014. With these successes under our belt, we are very pleased to announce the opening of FLASHship Dallas on May 4, 2015. ASSA ABLOY customers in forty two states now enjoy full hardware opening deliveries in 2 days or less after receipt of purchase order. With additional locations in development, we will soon reach our goal of supplying customers in all 48 continental states with not only 24 hour shipping but delivery in two days or less. FLASHship currently offers hardware providers the most comprehensive one stop selection available, encompassing more than 850 high demand products shipped in 24 hours from one of four strategically placed warehouses to maximize one to two day delivery. With a low \$1500 prepaid freight option, FLASHship has quickly become the hardware supply program of choice by customers throughout the nation. With a 98% on time order fill rate, FLASHship is recognized as the most dependable, convenient and cost saving supply option in the industry.

Supporting our Partnerships

"The overwhelming success of FLASHship can be attributed to the attention to detail in meeting the needs of our customers," said Vicki Newman, Director of Business Development for ASSA ABLOY Door Security Solutions and the driving force behind FLASHship. "We've structured a program that our competitors simply cannot replicate."

Newman believes that the success of FLASHship reflects ASSA ABLOY's commitment to the success of hardware suppliers across the country.

"FLASHship was developed, designed and driven by the fact that we consider contract hardware distributors our business partners," she said. "Our goal was to create a supply chain that enables our customers to compete in the discretionary business channel by reducing their inventory and shipping costs while ensuring their ability to respond quickly to opportunities critical to their success."

"I knew we had achieved our goal when the most repeated comment from our customers was that the value of FLASHship was so comprehensive it appeared to have been structured from their side of the desk. The bottom line is that we have truly invested in our customers' businesses by implementing the FLASHship program."

Dallas Issue August 2016

Designer and Architect Marcello Pozzi Adds Detail and Emotion to New Soho Hotel with Rockwood Pulls

Hotel Hugo defines industrial chic. The upscale, contemporary hotel was the vision of designer and architect Marcello Pozzi and Nobutaka Ashihara, the project's architect of record. Recently opened in SoHo, the design blends the neighborhood's sophisticated atmosphere with the gritty underpinnings of New York City in a style Pozzi refers to as a game of contrast, a juxtaposition of finishes. There is a striking interplay between opposites throughout, polished stainless steel, for example, that complements rough concrete. This careful balance isn't an accident; Pozzi relied on seemingly minor details, like ASSA ABLOY's Rockwood door pulls, to create Hotel Hugo's distinct character.

The Importance of Hardware

When it comes to tying together a space's look and feel, Pozzi believes hardware does a lot of the heavy lifting. Since the door pull serves as each guest's first touch point with the hotel, Pozzi wanted to infuse the experience of opening the front door for the first time with emotional resonance, so he insisted on something more dramatic and less predictable than the stainless steel typically used for commercial entrances.

"Hardware gives character to a space, even more so than other design elements," said Pozzi. "It's both visual and interactive, creating character through sight and touch."

Having used Rockwood for prior projects, the manufacturer's

high-end hand-stitched leather offset pulls instantly came to mind when Pozzi was looking for hardware that did its job with enough style to also serve as a critical design element. This particular style of pulls is very contemporary. At the same time, unlike most office hardware, it also emulates warmth. He chose pulls with thick 1½" soft leather grips to elicit a stronger, conscious reaction from guests as they enter. And because he had worked with Rockwood before, Pozzi knew the selected hardware would exceed expectations in terms of quality.

Inside Hotel Hugo

With soaring 12-foot wood doors, the six-foot Rockwood pulls are a perfect fit. Since Pozzi insisted on design consistency beyond the front entrance, he used a variety of Rockwood architectural door pulls in many other parts of the hotel including entry, restaurant, and doors in public areas such as the meeting room and business center.

The restaurant offers more examples of Pozzi's flair for mixing elements and finishes. The bar includes a polished concrete countertop, boldly accented with polished stainless steel hardware. Pozzi used two pull sizes for the doors in the restaurant, a 72-inch pull for most doors and a 30-inch version for the private dining area in the back. The 72-inch pulls attach to the door at three points, which is unique in the industry. Rockwood offers an optional mid-post which provides added support and visual detail for long door pulls. Pozzi also chose rounded end pulls, which makes the entrances to the restaurant and private dining area look more luxurious.

Hotel Hugo features a wood storefront, with modern proportions and detail. After the custom-built 12-foot wood storefront doors there are secondary glass doors – yet another example of traditional juxtaposed with contemporary – all tied together with the elegant Rockwood door pulls. Pozzi gave additional exposure to the hardware by using accent lights, making the hardware stand out against both the wood and the glass doors.

A Critical Design Element

Although quite contemporary, there's a retro feel in the hotel restrooms and suites, and the exposed hardware remains a constant detail. As most industrial places are characterized by hardware and steel, statement hardware with character is central to the hotel's overall design.

Hardware often subconsciously gives character to a space. All of the handrails, door pulls, handles, decorative lights and even trim around mirrors are thoughtfully chosen – Rockwood pulls are critical in communicating that the guest has indeed arrived at Hotel Hugo.

Terms and Conditions

Minimum Order

Minimum invoice is \$50.00 net product value.

Quotes

Quoted projects do not qualify for the FLASHship[™] program. Standard buying program discounts only.

Freight

All orders are shipped FOB factory/warehouse, except as expressly provided below. When delivered to the Transportation Company, the Purchaser assumes the risk of loss or damage in transit.

Customer orders with net product value in excess of \$1,500.00 for the continental United States and \$2,000.00 for Alaska and Hawaii will be shipped prepaid by the ASSA ABLOY carrier of choice to a single destination point in the United States.

Customer orders with net product value in excess of \$1,500.00 for the continental US and \$2,000.00 for Alaska and Hawaii will be shipped prepaid by the ASSA ABLOY carrier of choice to a single destination point in the United States.

A minimum freight and handling charge of \$15.00 will be charged on orders with net product value of \$400.00 or less.

For orders with net product value greater than \$400.00 and less than \$1,500.00, freight charges will be calculated as a percentage of the net invoice value and will be added to Customer's invoice. The percentage is based on the National U.S. Average On Highway Diesel Fuel Prices as reported by the US Department of Energy in effect at the beginning of each quarter. On the first Monday of each quarter, the new rate will be published on the ASSA ABLOY Door Security Solutions extranet and will go into effect on the 2nd Monday of the quarter. Please refer to the ASSA ABLOY distributor extranet for the rate chart and information on the current freight charge percentage. The percentage in effect at the time of shipment of the order will be charged.

If a customer provides their own freight account number for the freight charges, ASSA ABLOY will apply a handling fee of \$25.00 to the invoice.

Expedited shipping options – If the customer requests an expedited method of shipment such as "Next Day Air" the charges will be prepaid by ASSA ABLOY and the full rate for the service, as published by the carrier, will be added to the customer's invoice.

Packing – ASSA ABLOY will pack, mark and ship the products according to its standard procedures for shipment, unless the parties agree, in writing, that ASSA ABLOY will comply with any special instructions provided by the customer. Special instructions must be submitted, in writing, at time of order placement. Compliance with special instructions may result in an increased price.

Delivery

Orders will be acknowledged and given a scheduled delivery date. Complete information is required to process all orders. Orders with insufficient information for processing (i.e. part numbers) may be subject to extended lead times which are relative to the time required in obtaining the necessary information for order processing.

Yale will not be liable for back charges incurred based on availability of product or as a result of delays in delivery caused by insufficient information required to process an order. Yale will not be held responsible for delays in delivery caused by strikes, fires, floods or any other causes beyond our control, including the delivery of material to us. Under no circumstances shall Yale be liable or accountable for consequential damages due to failure of delivery.

Changes/Cancellations

Due to the promptness of delivery, no changes or cancellations can be accepted.

Prices

All shipments will be made at prices prevailing at time of shipment.

Terms

Invoices dated the 1st through the 15th will be due for 2% discount on the 10th of the following month. Invoices dated the 16th through the 31st will be due for 2% discount on the 25th of the following month. Net immediately thereafter.

Returned Goods

All FLASHship products returned as "Goodwill" must meet the following criteria to be considered a return:

- Be in original, unmarked and undamaged cartons.
- Shipped and invoiced within the previous 30 days.

No restocking fee will apply. Upon receipt and verification that the returned merchandise meets the foregoing conditions, a credit will be issued for the original invoice amount.

Consult the current Price Books for pricing information and a complete list of Terms & Conditions.

Warranties

All standard limited warranties apply. Consult current Price Books for a complete list of warranty information.
