

Smooth Operation

ML2000 Series Mortise Locksets

The ML2000 Series is an ANSI/BHMA Grade 1 mortise lock designed to withstand the most abusive environments. Constructed of heavy-gauge steel with unique, patented features and a full range of functions and trim, adds to its versatility and reliability to complement any application.

Applications

Offices • Schools • Hospitals

ML2000 Series

Mortise Lockset

FEATURES

- Direct drive performance for consistent torque and force during lever rotation
- Lever return is crisp and firm – eliminating lever sag
- Available in 51 mechanical and electrified functions, including vandal resistant and behavioral health options, 59 standard and Muséo Line decorative lever designs and 13 finishes
- Integrates with new or existing Corbin Russwin key systems, including patented/ high security Access 3® and Pyramid
- Integrates with access control platforms
- Occupancy indicators available
- Ten year warranty

BENEFITS

- **Innovative Design:** Optimized torsion spring design and fewer moving parts give the lock extremely smooth and consistent operations
- **Flexible:** Field reversible latchbolt makes it easy to re-hand without disassembling the lock case
- **Safe and Secure:** Withstands intrusion attempts and abuse, featuring specialized security trim and components
- **Lower Total Cost of Ownership:** Far exceeds ANSI/BHMA Grade 1 requirements ensuring durability and longevity
- **Sustainable:** Environmental product declaration (EPD) in accordance with ISO14025

Highly engineered 3 spring design for smooth, crisp, and responsive operation
