

7380F Series Multi-Point Auto Deadlocking System

A Windstorm Solution Engineered to Save Lives

Yale® 7380F Series is a multi-point auto deadlocking system developed to help protect lives while securing a community shelter and safe room entry. Extra heavy-duty steel components firmly fasten the door to the frame - at top, bottom and center latch points - reinforcing the opening to endure severe wind speeds and flying debris.

Applications

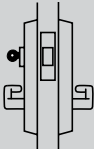

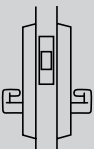

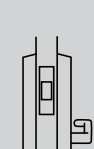

The 7380F Series is UL approved for use with the ASSA ABLOY severe windstorm

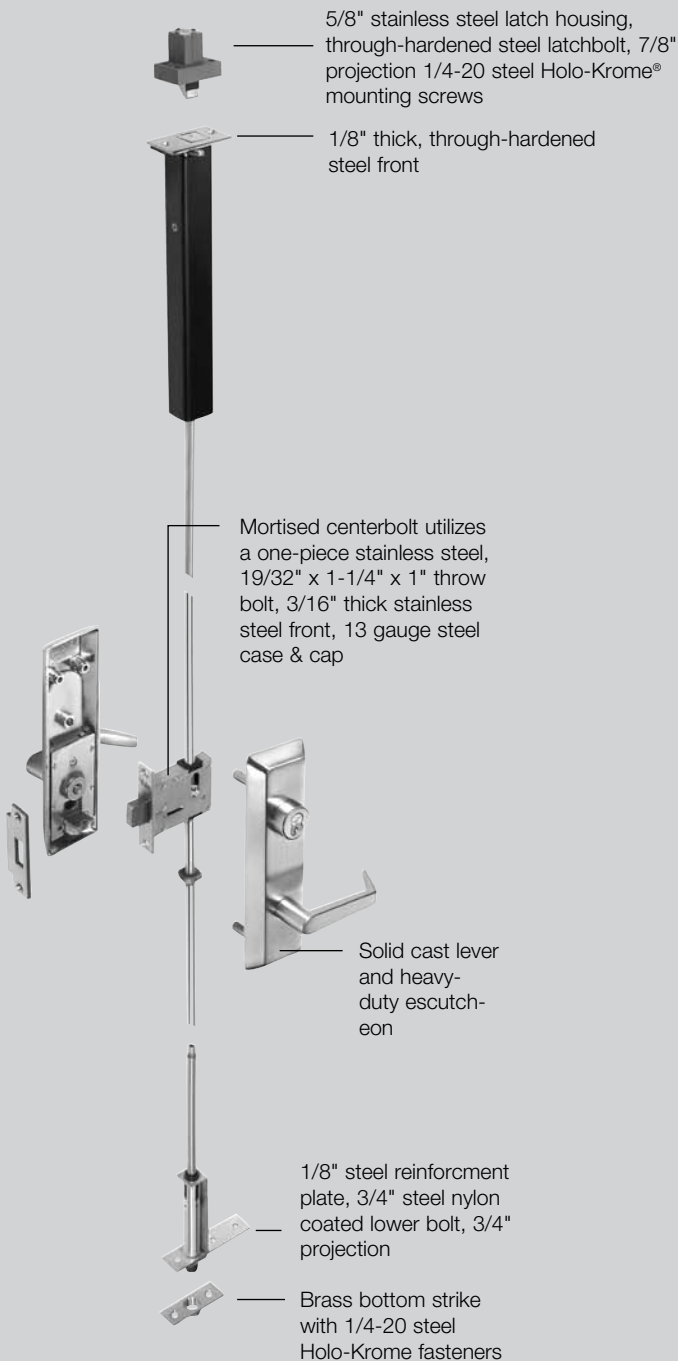

rated door assemblies to comply with FEMA 320 and 361 guidelines. This device is ideal for Community Shelters and Safe Rooms, Corporate Campuses, Schools, Healthcare Facilities and Government Facilities

Features & Benefits

- Multi-point auto deadlocking system
- Both inswing and outswing applications
- UL approved to FEMA 361 and FEMA 320 guidelines
- Fully Integrated - 7380F is part of a complete ASSA ABLOY severe windstorm solution system with CECO StormPro® 361, CURRIES StormPro® 361 and FLEMING BARON F-5 doors and frames and McKINNEY hinges
- Heavy-duty escutcheon standard
- Fortified with high tensile alloy Holo-Krome® fasteners
- All multi-points are activated automatically when the door is closed
